

# BONASYSTEMS™

# DAILY

## Specialist wet area daily cleaner and sanitiser for floors and walls

Bonasytems Daily is suitable for use in wet areas (e.g. pool and spa, washroom and toilets, bathrooms, showers) to clean, break down body fats and sanitise. It also helps to maintain slip resistance as part of our recommended cleaning regime.

 **Daily maintenance**

Use biocides safely. Always read the label and product information before use.

# Specialist wet area daily cleaner and sanitiser for floors and walls

Bonasystems is the market leader in specialist floorcare products.

Working in partnership with selected distribution partners, we help clients to achieve higher standards of:

- Cleanliness
- Hygiene
- Safety (anti-slip)

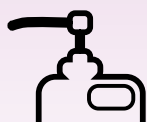

## Benefits of Bonasystems Daily

- Achieves a clean, hygienic surface (including sanitising of MRSA)
- Particularly good at removing body fats, e.g. shower walls
- Maintains slip resistance in wet areas, if used daily, for approx. one month
- Pleasant smell

## Five simple steps to success

### Step 1

Dilute Main+ 20:1  
(5% chemical/95% water)

### Step 2

Apply to the floor evenly

### Step 3

Immediately agitate (scrub) using edging pad or machine

### Step 4

Leave on the surface for 5 minutes, scrubbing occasionally

### Step 5

Remove with fresh water (rinse to drain/wet vacuum up) then rinse thoroughly

**If using a scrubber drier:** we suggest having only water in the machine tank and using the machine with the squeegee up (double scrub technique). Once you have picked up the chemical and dirt, having only water in the tank means you will be rinsing the floor thoroughly.

## Monthly deep cleaning chemicals

**Monthly:** for penetrating anti-slip floor deep cleaning and treatment

## Typical sites

Leisure

Education

Bathrooms  
& Washrooms

Offices  
& Commercial

Healthcare
